

# Consultancy at A Life Worth Living

Inclusivity and accessibility are essential for a successful and ethical business strategy. As technology advances, making sure your digital presence and services are accessible to everyone is not only a legal obligation but also a moral responsibility. That's where ALWL Accessibility Consultancy comes in. Our IT consulting firm is dedicated to equipping your business with state-of-the-art accessibility solutions.

## Our services

### Website and Application Audits

- Comprehensive assessments to identify accessibility barriers.
- Detailed reports with prioritized recommendations.
- Implementation support for swift improvements.

### Accessibility Compliance

- Ensuring your digital assets comply with global accessibility standards (WCAG, AODA, ADA).
- Regular audits to maintain compliance as technology evolves.

### User Experience (UX) Enhancement

- Creating a seamless and intuitive experience for all users.
- User testing and feedback integration to refine accessibility features.

### Policy Remediation

- We help update your policy regarding accessibility based on your jurisdiction.

### Training and Workshops

- Equipping your team with the knowledge and skills to prioritize accessibility.
- Raising awareness of the benefits of an inclusive digital strategy.

### Customized Accessibility Solutions

- Tailored solutions to address unique accessibility challenges in your industry.
- Ongoing support and guidance to keep your digital assets inclusive.
